September 1991, Vol. 1 No. 1

Compressing changes in Smalltalk/V Windows by Charles A. Rovira

The commercial evolution of Smalltalk by Abdul Nabi

Getting Real: *Should classes have owners?* by Juanita Ewing

GUIs: *Giving application windows dialog box functionality in Smalltalk/V PM Part 1* by Greg Hendley and Eric Smith

Lab Report: *The Typed Smalltalk project at the University of Illinois* by Ralph Johnson

Messages: *Smalltalk, organization, and you* by Allen Wirfs-Brock

Software Review: *WindowBuilder: An interface builder for Smalltalk/V Windows* by Jim Salmons

October 1991, Vol. 1 No. 2

A matter of style by Ed Klimas and Suzanne Skublics

Exception handling in Smalltalk by Boris Gärtner

Book Review: *Practical Smalltalk* by Dan Lesage

Getting Real: *How should teams organize their applications?* by Juanita Ewing

GUIs: *Giving application windows dialog box functionality in Smalltalk/V PM Part 2* by Greg Hendley and Eric Smith

Software Review: *Tigre: an interface builder for Objectworks/Smalltalk* by Cahán O'Ryan

November/December 1991, Vol. 1 No. 3

Responsibility-driven design by Rebecca Wirfs-Brock

Smalltalk comes to the mainframe, Part 1 by Glenn J. Reid

Conference Report: *Digitalk's Smalltalk/V Developers Conference '91* by Paul White

Getting Real: *How should classes be initialized?* by Juanita Ewing

GUIs: *ObjectWorks\Smalltalk Release 4 for MS-Windows 3.0: a look at the lower levels* by Greg Hendley and Eric Smith

Lab Report: *Using and studying Smalltalk in the User Interface Institute* by Mary Beth Rosson

January 1992, Vol. 1 No. 4

Should classes have owners? Perspectives from Experience by S. Sridhar

Smalltalk comes to the mainframe, Part 2 by Glenn J. Reid

Book Review: *Object-Oriented Modeling and Design* by Dan Lesage

Getting Real: *How to use class variables and class instance variables, Part 1* by Juanita Ewing

Object-Oriented Design: *Determining object roles and responsibilities* by Rebecca Wirfs-Brock

Product Review: *Profile/V: a performance profiler for Smalltalk/V Windows* by Jon Hylands

February 1992, Vol. 1 No. 5

A case in point by Charles A. Rovira

A proposal for change management in Smalltalk by Jeff McKenna

Book Review: *Concepts of Object-Oriented Programming* by Martin Osborne and Ann Cotton

Getting Real: *How to use class variables and class instance variables, Part 2* by Juanita Ewing

GUIs: *ObjectWorks\Smalltalk Release 4: The graphics model* by Greg Hendley and Eric Smith

Object-Oriented Design: *The phases of an object-oriented application* by Rebecca Wirfs-Brock

March/April 1992, Vol. 1 No. 6

Reimplementing Model-View-Controller by David J. Leibs and Kenneth S. Rubin

GUIs: *Paint palettes (taking control in Smalltalk/VPM 1.3)* by Greg Hendley and Eric Smith

Lab Review: *Smalltalk at the University of Washington* by Bjorn Freeman-Benson

Object-Oriented Design: *Becoming more predictable* by Rebecca Wirfs-Brock

Product Review: *Coopers & Lybrand's AM/ST, Version 3.5* by Jim Salmons and Timlynn Babitsky

Smalltalk with Style: *Tips for improved Smalltalk reuse and reliability* by Ed Klimas and Suzanne Skublics

May 1992, Vol. 1 No. 7

Implementation of OS/2 Multi-threading Support in Smalltalk/V PM by Doug Barbour

SmallDraw—Release 4 Graphics and MVC, Part 1 by Dan Benson

comp.lang.smalltalk: *More frequently asked questions* by Alan Knight

Getting Real: *Class instance variables for Smalltalk/V* by Juanita Ewing

GUIs: *Separating the GUI from the application* by Greg Hendley and Eric Smith

Smalltalk Idioms: *Why study Smalltalk idioms?* by Kent Beck

June 1992, Vol. 1 No. 8

GNU Smalltalk by Steve Byrne

SmallDraw—Release 4 Graphics and MVC, Part 2 by Dan Benson

comp.lang.smalltalk: *Encapsulation and information hiding* by Alan Knight

GUIs: *Drag/Drop in Smalltalk/V PM* by Greg Hendley and Eric Smith

Product Reviews: *VOSS—Virtual Object Storage System* by Wayne Beaton

Smalltalk Idioms: *The dreaded super* by Kent Beck

July/August 1992, Vol. 1 No. 9

Implementing Peer Code Reviews in Smalltalk by S. Sridhar

Quality assurance issues for Smalltalk-based applications
by Ed Klimas

comp.lang.smalltalk: *What's wrong with OOP?* by Alan Knight

Getting Real: *Creating subclasses* by Juanita Ewing

Lab Report: *Smalltalk research at the University of Florida* by Justin O. Graver

Smalltalk Idioms: *Abstract control idioms* by Kent Beck

September 1992, Vol. 2 No. 1

Experiences with Smalltalk on a Large Development Project by Bran Selic

SmallDraw—Release 4 Graphics and MVC, Part 3 by Dan Benson

comp.lang.smalltalk: *What else is wrong with OOP?* by Alan Knight

Getting Real: *Extending the Collection Hierarchy* by Juanita Ewing

Smalltalk Idioms: *ValueModel Idioms* by Kent Beck

October 1992, Vol. 2 No. 2

Object visibility: Making the necessary connections by Rebecca Wirfs-Brock

comp.lang.smalltalk: *Some Smalltalk stuff* by Alan Knight

Getting Real: *The dangers of storing objects* by Juanita Ewing

GUIs: *Separating the GUI from the application, Part 2* by Greg Hendley and Eric Smith

Product Review: *Object Technology's ENVY Developer*
by Jan Steinman and Barbara Yates

Smalltalk Idioms: *Collection idioms* by Kent Beck

November/December 1992, Vol. 2 No. 3

Taking exception to Smalltalk, Part 1 by Bob Hinkle and Ralph E. Johnson

Book Review: *Object-Oriented Engineering* by Richard L. Peskin

comp.lang.smalltalk by Alan Knight

Getting Real: *How to manage source without tools* by Juanita Ewing

GUIs: *Significant supported events in Smalltalk/V PM as illuminated in Window Builder* by Greg Hendley and Eric Smith

Putting it in perspective: *Describing your design* by Rebecca Wirfs-Brock

Smalltalk Idioms: *Collection idioms* by Kent Beck

January 1993, Vol. 2 No. 4

Minimalist instruction for Smalltalk by Mary Beth Rosson

Taking exception to Smalltalk, Part 2 by Bob Hinkle and Ralph E. Johnson

comp.lang.smalltalk by Alan Knight

Getting Real: *How to create Smalltalk scripts* by Juanita Ewing

Smalltalk Idioms: *An Objectworks\Smalltalk 4.1 wrapper idiom* by Kent Beck

February 1993, Vol. 2 No. 5

Modules: Encapsulating behavior in Smalltalk by Nik Boyd

comp.lang.smalltalk: *Copying* by Alan Knight

Getting Real: *Constants, defaults and reusability* by Juanita Ewing

GUIs: *A quick look at two interface builders* by Greg Hendley and Eric Smith

Putting it in perspective: *Characterizing your objects* by Rebecca Wirfs-Brock

Smalltalk Idioms: *A short introduction to pattern language* by Kent Beck

March/April 1993, Vol. 2 No. 6

The Multiple Document Interface by Tarik Kerroum and Stephane Lizeray

comp.lang.smalltalk: *Reflection* by Alan Knight

GUIs: *GUI-based application development: some guidelines* by Greg Hendley and Eric Smith

Putting it in perspective: *Characterizing object interactions* by Rebecca Wirfs-Brock

Smalltalk Idioms: *Instance-specific behavior, Part 1* by Kent Beck

May 1993, Vol. 2 No. 7

Classic Smalltalk bugs by Ralph Johnson

The Smalltalk standard: Technical aspects of the common base by R. J. DeNatale and Y. P. Shan

comp.lang.smalltalk: *Breaking out of a loop* by Alan Knight

Getting Real: *Don't use Arrays?* by Juanita Ewing

Putting it in perspective: *The incremental nature of design* by Rebecca Wirfs-Brock

Smalltalk Idioms: *Instance specific behavior: Digitalk implementation and the deeper meaning of it all* by Kent Beck

June 1993, Vol. 2 No. 8

Smalltalk benchmarking revisited by Bruce Samuelson

Using Windows resource DLLs from Smalltalk/V by Wayne Beaton

comp.lang.smalltalk: *Sets and dictionaries* by Alan Knight

GUIs: *Using MS Help from within VisualWorks* by Greg Hendley and Eric Smith

Smalltalk Idioms: *To accessor or not to accessor?* by Kent Beck

Sneak Preview: *WindowBuilder Pro: new horizons* by Eric Clayberg and S. Sridhar

July/August 1993, Vol. 2 No. 9

Applications of Smalltalk in scientific and engineering computation by Richard L. Peskin

Debugging Objects by Bob Hinkle, Vicki Jones and Ralph E. Johnson

Smalltalk debugging techniques by Roxie Rochat and Juanita Ewing

comp.lang.smalltalk: *Good code, bad hacks* by Alan Knight

Smalltalk Idioms: *Inheritance: the rest of the story* by Kent Beck

September 1993, Vol. 3 No. 1

Building object-oriented frameworks by Nik Boyd

Book Review: *Smalltalk Programming for Windows* by Dan Lesage

comp.lang.smalltalk: *Extending the environment, Part 1* by Alan Knight

GUIs: *Keeping multiple views up-to-date* by Greg Hendley and Eric Smith

Smalltalk Idioms: *Inheritance: the rest of the story* by Kent Beck

October 1993, Vol. 3 No. 2

Coping with single inheritance: building tree classes by Bruce Samuelson

Interfacing Smalltalk with real-time systems, Part 1 by Edward Klimas

Pragmatic multiple inheritance by Bob Beck

comp.lang.smalltalk: *Extending the environment, Part 2* by Alan Knight

Getting Real: *Abstract classes* by Juanita Ewing

Smalltalk Idioms: *Helper methods avoid unwanted inheritance* by Kent Beck

November/December 1993, Vol. 3 No. 3

The HP Distributed Smalltalk IDL Language Binding by Jeff Eastman

What if? A protocol for object validation by Susan Griffin

GUIs: *WindowBuilder: A do-it-yourself extension framework* by Ray Horn

Product Review: *Shoot-out at the Mac corral* by Jan Steinman

Putting it in perspective: *Designing scenarios: making the case for a use case* by Rebecca Wirfs-Brock

Smalltalk Idioms: *It's just not the case* by Kent Beck

January 1994, Vol. 3 No. 4

Cross-purpose exception handling, Part 1 by Ken Auer and Barry Oglesby

Getting Real: *Techniques for platform independence* by Juanita Ewing and Steve Messick

In the User Groups: *European Smalltalk summer school* by Rob Vens

Product Review: *Shoot-out at the Mac corral, Part 2* by Jan Steinman and Barbara Yates

Smalltalk Idioms: *Death to case statements, Part 2* by Kent Beck

February 1994, Vol. 3 No. 5

Creating IPF help panels for Smalltalk/V OS/2 applications, Part 1 by Marcos Lam and Susan Mazzara

Cross-process exception handling, Part 2 by Ken Auer and Barry Oglesby

comp.lang.smalltalk: *Booleans* by Alan Knight

Getting Real: *The art of designing meaningful conversations* by Juanita Ewing

Product Review: *Tensegrity release 1.0 for Windows and OS/2* by David Bush

March/April 1994, Vol. 3 No. 6

Creating IPF help panels for Smalltalk/V OS/2 applications, Part 1 by Marcos Lam and Susan Mazzara

Pools: An attractive nuisance by Juanita Ewing

comp.lang.smalltalk: *Net resources* by Alan Knight

Product Review: *Reportoire* by Jeff Cantwell and Douglas Camp

Smalltalk Idioms: *Where do objects come from?* by Kent Beck

May 1994, Vol. 3 No. 7

"Smart Menus" in Smalltalk/V for Win32 by Wayne Beaton

Extending the application model by Tim Howard and Bill Kohl

comp.lang.smalltalk: *Miscellaneous* by Alan Knight

Product Review: *Digitalk's Team/V* by Scot Campbell

Smalltalk Idioms: *Where do objects come from?* by Kent Beck

June 1994, Vol. 3 No. 8

A brief look at inheritance metrics by Mark Lorenz

VisualWorks List Components by Bill Kohl and Tim Howard

comp.lang.smalltalk: *Still more frequently asked questions* by Alan Knight

Getting Real: *Return values* by Juanita Ewing

GUIs: *GUI Smalltalk—The VisualWorks UIBuilder* by Kyle Brown

Smalltalk Idioms: *Birds, bees and browsers—obvious sources of objects* by Kent Beck

July/August 1994, Vol. 3 No. 9

Floating toolbox in Smalltalk/V by Wayne Beaton

Software metrics for the Smalltalk practitioner by William Cole

comp.lang.smalltalk: *New net resources* by Alan Knight

Getting Real: *Responsibly designing your objects' data* by Rebecca Wirfs-Brock

Project Practicalities: *A brief look at size metrics* by Mark Lorenz

Smalltalk Idioms: *Using patterns: Design* by Kent Beck

September 1994, Vol. 4 No. 1

Introducing VisualAge by Mark Lorenz

Managing system changes with carriers by Panu Viljamaa

Name space in Smalltalk/V for Win32 by Wayne Beaton

comp.lang.smalltalk: *Performance tips* by Alan Knight

Product Report: *Arbor Help System V2.0* by Douglas Camp

Smalltalk Idioms: *Using patterns: Finishing the design* by Kent Beck

October 1994, Vol. 4 No. 2

Object transfer between Smalltalk VMs by Tony White, Dwight Deugo, and Joe Ulvr

Persistent object management using the ParcPlace Binary Object Streaming Service by Michael Christiansen

comp.lang.smalltalk: *More performance tips* by Alan Knight

Getting Real: *Exceptional power and control* by Juanita Ewing

Project Practicalities: *When the worst happens* by Mark Lorenz

Smalltalk Idioms: *Simple Smalltalk testing* by Kent Beck

November/December 1994, Vol. 4 No. 3

A quick peek under the covers of IBM Smalltalk by Steven G. Harris and Hal Hildebrand

A trace logger by Alec Sharp and Dave Farmer

Improving dependency notification by Bobby Woolf

comp.lang.smalltalk: *Literals* by Alan Knight

Project Practicalities: *Collection protection* by Bob Brodd

Smalltalk Idioms: *Simple Smalltalk testing* by Kent Beck

January 1995, Vol. 4 No. 4

A technical overview of VisualWorks 2.0 by Jim Haungs

ENVY software baselining process by Barry Oglesby

Making MVC code more reusable by Bobby Woolf

comp.lang.smalltalk: *Safety and inheritance* by Alan Knight

Getting Real: *Multi-user Smalltalk* by Jay Almarode

Smalltalk Idioms: *Demand loading for VisualWorks* by Kent Beck

February 1995, Vol. 4 No. 5

A sample pattern language-concatenating with streams by Bobby Woolf

MathPack/V by David Buck

Processes by Alec Sharp and Dave Farmer

comp.lang.smalltalk by Alan Knight

Getting Real: *Transactions in Smalltalk* by Jay Almarode

Project Practicalities: *Architecting large OO projects* by Mark Lorenz

Smalltalk Idioms: *Garbage collection revealed* by Kent Beck

March/April 1995, Vol. 4 No. 6

Building a Gopher from sockets and widgets by Patrick Mueller

Storing objects into files in VisualAge by Wayne Beaton

Suggestions for a successful user interface by Amy S. Gause

VisualWorks dialog development by Tim Howard

comp.lang.smalltalk by Alan Knight

Smalltalk Idioms: *What? What happened to garbage collection?* by Kent Beck

May 1995, Vol. 4 No. 7

An O-O approach to accessing external resources by Yoel Newman and Michael Parvin

Segregating application and domain: Part 1 by Tim Howard

comp.lang.smalltalk: *Math, Part 1* by Alan Knight

Conference Overview: *Smalltalk Solutions '95* by David Carr

Getting Real: *Managing concurrency conflicts in multi-user Smalltalk* by Jay Almarode

Product Review: *HP Distributed Smalltalk* by Jim Haungs

Project Practicalities: *Model integrity through custom instantiation* by Mark Lorenz

Smalltalk Idioms: *Super + 1* by Kent Beck

June 1995, Vol. 4 No. 8

Host platform accessing framework: Multimedia: an example by Yoel Newman

Segregating application and domain by Tim Howard

comp.lang.smalltalk: *Math* by Alan Knight

Getting Real: *Queries in Smalltalk* by Jay Almarode

Managing Objects: *Managing project documents* by Jan Steinman and Barbara Yates

Product Review: *Cooper & Peters' edit for Visual Smalltalk* by Ron Charron

Project Practicalities: *Controlling coupling* by Mark Lorenz

Smalltalk Idioms: *Clean code: Pipe dream or state of mind?* by Kent Beck

July/August 1995, Vol. 4 No. 9

Remembrance of things past: Layered architectures for Smalltalk applications by Kyle Brown

Segregating application and domain by Tim Howard

Deep in the Heart of

Smalltalk: *Parameterized Compiler: Making code reusable* by Bob Hinkle and Ralph E. Johnson

Managing Objects: *Managing project documents* by Jan Steinman and Barbara Yates

Project Practicalities: *Rules to live by* by Mark Lorenz

Smalltalk Idioms: *A modest meta proposal* by Kent Beck

September 1995, Vol. 5 No. 1

Accessing configuration data in the DOS/MS Windows environment by Dayle Woolston and Bob Capel

Managing asynchronous network messages from external applications by Michael Christiansen

Getting Real: *Faster queries in Smalltalk* by Jay Almarode

Managing Objects: *Managing project documents* by Jan Steinman and Barbara Yates

Smalltalk Idioms: *Uses of variables: Temps* by Kent Beck

October 1995, Vol. 5 No. 2

Coverage analysis in Smalltalk by Mark Murphy

comp.lang.smalltalk: *Hardware* by Alan Knight

Deep in the Heart of Smalltalk: *Breakpoints revisited*
by Bob Hinkle and Ralph E. Johnson

Getting Real: *Class versioning and instance migration* by
Jay Almarode

Managing Objects: *Exploiting stability* by Jan Steinman
and Barbara Yates

Project Practicalities: *Improving your designs* by Mark
Lorenz

November/December 1995, Vol. 5 No. 3

*Understanding inter-layer communication with the SASE
pattern* by Kyle Brown

Book Review: *Smalltalk with Style* by Jan Steinman and
Barbara Yates

Getting Real: *Object security* by Jay Almarode

Product Review : *GF/ST- A Smalltalk framework for
graphical objects* by Jim Haungs

Project Practicalities: *A methodology mix* by Mark
Lorenz

Smalltalk Idioms: *Variables of the world* by Kent Beck

A quick peek under the covers of IBM Smalltalk by Steven G. Harris and Hal Hildebrand (November/December 1994, Vol. 4 No. 3)

Haungs, Jim

A technical overview of VisualWorks 2.0 by Jim Haungs (January 1995, Vol. 4 No. 4)

Product Review : *GF/ST- A Smalltalk framework for graphical objects* by Jim Haungs (November/December 1995, Vol. 5 No. 3)

Product Review: *HP Distributed Smalltalk* by Jim Haungs (May 1995, Vol. 4 No. 7)

Hendley, Greg

GUIs: *A quick look at two interface builders* by Greg Hendley and Eric Smith (February 1993, Vol. 2 No. 5)

GUIs: *Drag/Drop in Smalltalk/V PM* by Greg Hendley and Eric Smith (June 1992, Vol. 1 No. 8)

GUIs: *Giving application windows dialog box functionality in Smalltalk/V PM Part 1* by Greg Hendley and Eric Smith (September 1991, Vol. 1 No. 1)

GUIs: *Giving application windows dialog box functionality in Smalltalk/V PM Part 2* by Greg Hendley and Eric Smith (October 1991, Vol. 1 No. 2)

GUIs: *GUI-based application development: some guidelines* by Greg Hendley and Eric Smith (March/April 1993, Vol. 2 No. 6)

GUIs: *Keeping multiple views up-to-date* by Greg Hendley and Eric Smith (September 1993, Vol. 3 No. 1)

GUIs: *ObjectWorks\Smalltalk Release 4 for MS-Windows 3.0: a look at the lower levels* by Greg Hendley and Eric Smith (November/December 1991, Vol. 1 No. 3)

GUIs: *ObjectWorks\Smalltalk Release 4: The graphics model* by Greg Hendley and Eric Smith (February 1992, Vol. 1 No. 5)

GUIs: *Paint palettes (taking control in Smalltalk/VPM 1.3)* by Greg Hendley and Eric Smith (March/April 1992, Vol. 1 No. 6)

GUIs: *Separating the GUI from the application* by Greg Hendley and Eric Smith (May 1992, Vol. 1 No. 7)

GUIs: *Separating the GUI from the application, Part 2* by Greg Hendley and Eric Smith (October 1992, Vol. 2 No. 2)

GUIs: *Significant supported events in Smalltalk/V PM as illuminated in Window Builder* by Greg Hendley and Eric Smith (November/December 1992, Vol. 2 No. 3)

GUIs: *Using MS Help from within VisualWorks* by Greg Hendley and Eric Smith (June 1993, Vol. 2 No. 8)

Hinkle, Bob

Debugging Objects by Bob Hinkle, Vicki Jones and Ralph E. Johnson (July/August 1993, Vol. 2 No. 9)

Taking exception to Smalltalk, Part 1 by Bob Hinkle and Ralph E. Johnson (November/December 1992, Vol. 2 No. 3)

Taking exception to Smalltalk, Part 2 by Bob Hinkle and Ralph E. Johnson (January 1993, Vol. 2 No. 4)

Deep in the Heart of Smalltalk: *Breakpoints revisited* by Bob Hinkle and Ralph E. Johnson (October 1995, Vol. 5 No. 2)

Deep in the Heart of Smalltalk: *ParameterizedCompiler: Making code reusable* by Bob Hinkle and Ralph E. Johnson (July/August 1995, Vol. 4 No. 9)

Horn Ray

GUIs *WindowBuilder: A do-it-yourself extension framework* by Ray Horn (November/December 1995, Vol.3 No.3)

Howard, Tim

Extending the application model by Tim Howard and Bill Kohl (May 1994, Vol. 3 No. 7)

Segregating application and domain by Tim Howard (June 1995, Vol. 4 No. 8)

Segregating application and domain by Tim Howard (July/August 1995, Vol. 4 No. 9)

Segregating application and domain: Part 1 by Tim Howard (May 1995, Vol. 4 No. 7)

VisualWorks dialog development by Tim Howard (March/April 1995, Vol. 4 No. 6)

Hylands, Jon

Product Review: *Profile/V: a performance profiler for Smalltalk/V Windows* by Jon Hylands (January 1992, Vol. 1 No. 4)

Johnson, Ralph

Classic Smalltalk bugs by Ralph Johnson (May 1993, Vol. 2 No. 7)

Lab Report: *The Typed Smalltalk project at the University of Illinois* by Ralph Johnson (September 1991, Vol. 1 No. 1)

Kerroum, Tarik

The Multiple Document Interface by Tarik Kerroum and Stephane Lizeray (March/April 1993, Vol. 2 No. 6)

Klimas, Ed

A matter of style by Ed Klimas and Suzanne Skublics (October 1991, Vol. 1 No. 2)

Interfacing Smalltalk with real-time systems, Part 1 by Edward Klimas (October 1993, Vol. 3 No. 2)

Quality assurance issues for Smalltalk-based applications by Ed Klimas (July/August 1992, Vol. 1 No. 9)

Smalltalk with Style: *Tips for improved Smalltalk reuse and reliability* by Ed Klimas and Suzanne Skublics (March/April 1992, Vol. 1 No. 6)

Knight, Alan

comp.lang.smalltalk: by Alan Knight (November/December 1992, Vol. 2 No. 3)

comp.lang.smalltalk: by Alan Knight (January 1993, Vol. 2 No. 4)

comp.lang.smalltalk: by Alan Knight (February 1995, Vol. 4 No. 5)

comp.lang.smalltalk: by Alan Knight (March/April 1995, Vol. 4 No. 6)

comp.lang.smalltalk: *Booleans* by Alan Knight (February 1994, Vol. 3 No. 5)

comp.lang.smalltalk: *Breaking out of a loop* by Alan Knight (May 1993, Vol. 2 No. 7)

comp.lang.smalltalk: *Copying* by Alan Knight (February 1993, Vol. 2 No. 5)

comp.lang.smalltalk: *Encapsulation and information hiding* by Alan Knight (June 1992, Vol. 1 No. 8)

comp.lang.smalltalk: *Extending the environment, Part 1* by Alan Knight (September 1993, Vol. 3 No. 1)

comp.lang.smalltalk: *Extending the environment, Part 2* by Alan Knight (October 1993, Vol. 3 No. 2)

comp.lang.smalltalk: *Good code, bad hacks* by Alan Knight (July/August 1993, Vol. 2 No. 9)

comp.lang.smalltalk: *Hardware* by Alan Knight (October 1995, Vol. 5 No. 2)

comp.lang.smalltalk: *Literals* by Alan Knight (November/December 1994, Vol. 4 No. 3)

comp.lang.smalltalk: *Math* by Alan Knight (June 1995, Vol. 4 No. 8)

comp.lang.smalltalk: *Math, Part 1* by Alan Knight (May 1995, Vol. 4 No. 7)

comp.lang.smalltalk: *Miscellaneous* by Alan Knight (May 1994, Vol. 3 No. 7)

comp.lang.smalltalk: *More frequently asked questions* by Alan Knight (May 1992, Vol. 1 No. 7)

comp.lang.smalltalk: *More performance tips* by Alan Knight (October 1994, Vol. 4 No. 2)

comp.lang.smalltalk: *Net resources* by Alan Knight (March/April 1994, Vol. 3 No. 6)

comp.lang.smalltalk: *New net resources* by Alan Knight (July/August 1994, Vol. 3 No. 9)

comp.lang.smalltalk: *Performance tips* by Alan Knight (September 1994, Vol. 4 No. 1)

comp.lang.smalltalk: *Reflection* by Alan Knight
(March/April 1993, Vol. 2 No. 6)

comp.lang.smalltalk: *Safety and inheritance* by Alan Knight
(January 1995, Vol. 4 No. 4)

comp.lang.smalltalk: *Sets and dictionaries* by Alan Knight
(June 1993, Vol. 2 No. 8)

comp.lang.smalltalk: *Some Smalltalk stuff* by Alan Knight
(October 1992, Vol. 2 No. 2)

comp.lang.smalltalk: *Still more frequently asked questions* by Alan Knight
(June 1994, Vol. 3 No. 8)

comp.lang.smalltalk: *What else is wrong with OOP?* by Alan Knight
(September 1992, Vol. 2 No. 1)

comp.lang.smalltalk: *What's wrong with OOP?* by Alan Knight
(July/August 1992, Vol. 1 No. 9)

Kohl, Bill

VisualWorks List Components by Bill Kohl and Tim Howard
(June 1994, Vol. 3 No. 8)

Lam, Marcos

Creating IPF help panels for Smalltalk/V OS/2 applications, Part 1 by Marcos Lam and Susan Mazzara
(February 1994, Vol. 3 No. 5)

Creating IPF help panels for Smalltalk/V OS/2 applications, Part 1 by Marcos Lam and Susan Mazzara
(March/April 1994, Vol. 3 No. 6)

Leibs, David J.

Reimplementing Model-View-Controller by David J. Leibs and Kenneth S. Rubin
(March/April 1992, Vol. 1 No. 6)

Lesage, Dan

Book Review: *Object-Oriented Modeling and Design* by Dan Lesage
(January 1992, Vol. 1 No. 4)

Book Review: *Practical Smalltalk* by Dan Lesage
(October 1991, Vol. 1 No. 2)

Book Review: *Smalltalk Programming for Windows* by Dan Lesage
(September 1993, Vol. 3 No. 1)

Lorenz, Mark

A brief look at inheritance metrics by Mark Lorenz
(June 1994, Vol. 3 No. 8)

Introducing VisualAge by Mark Lorenz
(September 1994, Vol. 4 No. 1)

Project Practicalities: *A brief look at size metrics* by Mark Lorenz
(July/August 1994, Vol. 3 No. 9)

Project Practicalities: *A methodology mix* by Mark Lorenz
(November/December 1995, Vol. 5 No. 3)

Project Practicalities: *Architecting large OO projects* by Mark Lorenz
(February 1995, Vol. 4 No. 5)

Project Practicalities: *Controlling coupling* by Mark Lorenz
(June 1995, Vol. 4 No. 8)

Project Practicalities: *Improving your designs* by Mark Lorenz
(October 1995, Vol. 5 No. 2)

Project Practicalities: *Model integrity through custom instantiation* by Mark Lorenz
(May 1995, Vol. 4 No. 7)

Project Practicalities: *Rules to live by* by Mark Lorenz
(July/August 1995, Vol. 4 No. 9)

Project Practicalities: *When the worst happens* by Mark Lorenz
(October 1994, Vol. 4 No. 2)

McKenna, Jeff

A proposal for change management in Smalltalk by Jeff McKenna (February 1992, Vol. 1 No. 5)

Mueller, Patrick

Building a Gopher from sockets and widgets by Patrick Mueller (March/April 1995, Vol. 4 No. 6)

Murphy, Mark

Coverage analysis in Smalltalk by Mark Murphy (October 1995, Vol. 5 No. 2)

Nabi, Abdul

The commercial evolution of Smalltalk by Abdul Nabi (September 1991, Vol. 1 No. 1)

Newman, Yoel

An O-O approach to accessing external resources by Yoel Newman and Michael Parvin (May 1995, Vol. 4 No. 7)

Host platform accessing framework: Multimedia: an example by Yoel Newman (June 1995, Vol. 4 No. 8)

Oglesby, Barry

ENVY software baselining process by Barry Oglesby (January 1995, Vol. 4 No. 4)

Osborne, Martin

Book Review: *Concepts of Object-Oriented Programming* by Martin Osborne and Ann Cotton (February 1992, Vol. 1 No. 5)

Peskin, Richard L.

Applications of Smalltalk in scientific and engineering computation by Richard L. Peskin (July/August 1993, Vol. 2 No. 9)

Book Review: *Object-Oriented Engineering* by Richard L. Peskin (November/December 1992, Vol. 2 No. 3)

Reid, Glenn J.

Smalltalk comes to the mainframe, Part 1 by Glenn J. Reid (November/December 1991, Vol. 1 No. 3)

Smalltalk comes to the mainframe, Part 2 by Glenn J. Reid (January 1992, Vol. 1 No. 4)

Rochat, Roxie

Smalltalk debugging techniques by Roxie Rochat and Juanita Ewing (July/August 1993, Vol. 2 No. 9)

Rosson, Mary Beth

Minimalist instruction for Smalltalk by Mary Beth Rosson (January 1993, Vol. 2 No. 4)

Lab Report: *Using and studying Smalltalk in the User Interface Institute* by Mary Beth Rosson (November/December 1991, Vol. 1 No. 3)

Rovira, Charles A.

A case in point by Charles A. Rovira (February 1992, Vol. 1 No. 5)

Compressing changes in Smalltalk/V Windows by Charles A. Rovira (September 1991, Vol. 1 No. 1)

Salmons, Jim

Product Review: *Coopers & Lybrand's AM/ST, Version 3.5* by Jim Salmons and Timlynn Babitsky (March/April 1992, Vol. 1 No. 6)

Software Review: *WindowBuilder: An interface builder for Smalltalk/V Windows* by Jim Salmons (September 1991, Vol. 1 No. 1)

Samuelson, Bruce

Coping with single inheritance: building tree classes by Bruce Samuelson (October 1993, Vol. 3 No. 2)

Smalltalk benchmarking revisited by Bruce Samuelson (June 1993, Vol. 2 No. 8)

Selic, Bran

Experiences with Smalltalk on a Large Development Project by Bran Selic (September 1992, Vol. 2 No. 1)

Sharp, Alec

A trace logger by Alec Sharp and Dave Farmer (November/December 1994, Vol. 4 No. 3)

Cleaning up after yourself by Alec Sharp and Dave Farmer (March/April 1995, Vol. 4 No. 6)

Processes by Alec Sharp and Dave Farmer (February 1995, Vol. 4 No. 5)

Sridhar, S.

Implementing Peer Code Reviews in Smalltalk by S. Sridhar (July/August 1992, Vol. 1 No. 9)

Should classes have owners? Perspectives from Experience by S. Sridhar (January 1992, Vol. 1 No. 4)

Steinman, Jan

Book Review: *Smalltalk with Style* by Jan Steinman and Barbara Yates (November/December 1995, Vol. 5 No. 3)

Managing Objects: *Exploiting stability* by Jan Steinman and Barbara Yates (October 1995, Vol. 5 No. 2)

Managing Objects: *Managing project documents* by Jan Steinman and Barbara Yates (June 1995, Vol. 4 No. 8)

Managing Objects: *Managing project documents* by Jan Steinman and Barbara Yates (July/August 1995, Vol. 4 No. 9)

Managing Objects: *Managing project documents* by Jan Steinman and Barbara Yates (September 1995, Vol. 5 No. 1)

Product Review: *Object Technology's ENVY Developer* by Jan Steinman and Barbara Yates (October 1992, Vol. 2 No. 2)

Product Review: *Shoot-out at the Mac corral* by Jan Steinman (November/December 1993, Vol. 3 No. 3)

Product Review: *Shoot-out at the Mac corral, Part 2* by Jan Steinman and Barbara Yates (January 1994, Vol. 3 No. 4)

Vens, Rob

In the User Groups: *European Smalltalk summer school* by Rob Vens (January 1994, Vol. 3 No. 4)

Viljamaa, Panu

Managing system changes with carriers by Panu Viljamaa (September 1994, Vol. 4 No. 1)

White, Tony

Object transfer between Smalltalk VMs by Tony White, Dwight Deugo, and Joe Ulvr (October 1994, Vol. 4 No. 2)

White, Paul

Conference Report: *Digitalk's Smalltalk/V Developers Conference '91* by Paul White (November/December 1991, Vol. 1 No. 3)

Wirfs-Brock, Rebecca

Object visibility: Making the necessary connections by Rebecca Wirfs-Brock (October 1992, Vol. 2 No. 2)

Responsibility-driven design by Rebecca Wirfs-Brock (November/December 1991, Vol. 1 No. 3)

Getting Real: *Responsibly designing your objects' data* by Rebecca Wirfs-Brock (July/August 1994, Vol. 3 No. 9)

Getting Real: *The art of designing meaningful conversations* by Rebecca Wirfs-Brock (February 1994, Vol. 3 No. 5)

Messages: *Smalltalk, organization, and you* by Allen Wirfs-Brock (September 1991, Vol. 1 No. 1)

Object-Oriented Design: *Becoming more predictable* by Rebecca Wirfs-Brock (March/April 1992, Vol. 1 No. 6)

Object-Oriented Design: *Determining object roles and responsibilities* by Rebecca Wirfs-Brock (January 1992, Vol. 1 No. 4)

Object-Oriented Design: *The phases of an object-oriented application* by Rebecca Wirfs-Brock (February 1992, Vol. 1 No. 5)

Putting it in perspective: *Characterizing object interactions* by Rebecca Wirfs-Brock (March/April 1993, Vol. 2 No. 6)

Putting it in perspective: *Characterizing your objects* by Rebecca Wirfs-Brock (February 1993, Vol. 2 No. 5)

Putting it in perspective: *Describing your design* by Rebecca Wirfs-Brock (November/December 1992, Vol. 2 No. 3)

Putting it in perspective: *Designing scenarios: making the case for a use case* by Rebecca Wirfs-Brock (November/December 1993, Vol. 3 No. 3)

Putting it in perspective: *The incremental nature of design* by Rebecca Wirfs-Brock (May 1993, Vol. 2 No. 7)

Woolf, Bobby

A sample pattern language-concatenating with streams by Bobby Woolf (February 1995, Vol. 4 No. 5)

Improving dependency notification by Bobby Woolf (November/December 1994, Vol. 4 No. 3)

Making MVC code more reusable by Bobby Woolf (January 1995, Vol. 4 No. 4)

Woolston , Dayle

Accessing configuration data in the DOS/MS Windows environment by Dayle Woolston and Bob Capel (September 1995, Vol. 5 No. 1)
